Summery

Greetings! I am KUNAL CHAURE a highly motivated and dedicated engineering graduate with a passion for technology and problem-solving. I have completed my graduation from Ramrao Adik Institute of technology, Navi Mumbai in Information Technology. I bring a unique blend of creativity, technical expertise, and a keen eye for detail to every skill I undertake. With a solid foundation in Information Technology and practical experience gained during my one-year tenure at an IT-based company. I am eager to bring my technical expertise, problem-solving abilities, and innovative mindset to a forward-thinking organization that values creativity, diversity, and positive impact. I am excited about the possibilities that lie ahead and look forward to exploring new avenues where I can contribute my skills and make a difference.

Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2020	BE Information Technology Engineering	Ramrao Adik Institute of Technology, Nerul , Navi Mumbai	6.71/10.0
2016	12th - Maharashtra State Board	Dhote Bandhu Science College, Gondia	69.0%
2014	10th - CBSE	Gondia Public School, Gondia	9.2

Internship and Certifications

Freecodecamp.org | Python 3 Programming Specialization

May 2023 - July 2023

Freecodecamp.org | Responsive Web Design

May 2023 - July 2023

Freecodecamp.org | ML

May 2023 - July 2023

Projects

BlogStation Web Application | self

May2023 - June2023

- As a Web Developer, I conceptualized and created a dynamic website where I can post blog via admin panel and user can read, comment and reply on the blog post.
- Completed the end-to-end development of the website and also Implemented responsive web design techniques.
- Features: User can read post, comment and reply on the posts also login and signup feature is there for commenting and replying on post.
- Role: Developer | Tech Stack: Python, HTML, Bootstrap, Django, MySQL, REST APIs.

Portfolio Web Application | self

February 2021 - May 2021

- As a Web Developer, I conceptualized and created a dynamic portfolio website. The website was designed to provide a seamless showcase of my details and skills for the users through its user-friendly interface and intuitive navigation
- Completed the end-to-end development of the portfolio website.
- Implemented responsive web design techniques, ensuring the website functioned flawlessly across various devices and screen sizes.
- Features: Users can see all my details, can download my resume, user can connect with me through lets talk feature.
- Role: Developer | Tech Stack: Python, Django, MySQL, HTML, CSS, Javascript, APIs .

Vehicle Accident Detection and Prevention System | RAIT

October 2019 - June 2020

- The Project is based on IoT.
- Features: It keeps detectingif vehicle is coming from front, back, or sides.
- Role: Developer | Tech Stack: Sensors ,ArduinoUno.

Skills

Computer languages| Python, CSS, HTML, JavaScript

Software Packages| Django, Docker(Container), Bootstrap, MySQL, Linux, Git

Additional Courses | Taken Data Structure

Soft Skills| Creativity, Communication Skills

Co-Curricular Activities

- Participated in 7 km Marathon arranged by UDAAN Organization at RAIT, March 2020.
- Student coordinator at Training and Placement Cell at RAIT, Sept 2019.
- Did an Industrial Visit for IoT in Home Automation in Bandra, Aug 2019.
- As an Event Head Took the Responsibility of Arranging House of Games Event at RAIT-Horizon, Feb 2018.
- As an Event Head Took the Responsibility of PS4 gaming event in Techfest held at RAIT, Oct 2017.
